Introduction from the President

Greetings,

Happy Fourth of July! I hope you have a safe and eventful long weekend. I wanted to take a moment and talk about the direction of our club. My goal has been to lead our club towards maintaining a certain rhythm over the last 18 months. This rhythm consists of increasing our membership roles, providing opportunities to members that better your understanding and proficiency in the art and science of amateur radio, interacting with the general public and youth about amateur radio, fulfilling our role as a non-profit charity, and having fun and building camaraderie. In the coming weeks I will draw your attention to how we have been doing this. This is happening because our membership works as a collective. This is not the effort of one person but the sum of all members' efforts. One of my goals as president is to reach out to other amateur clubs leadership and begin the dialogue surrounding how we can become better through collaboration between our clubs. That dialogue is in progress with some clubs here in the metro area and we are beginning to strategize how we can collaborate with other clubs out of our region. I will keep you informed on this progress.

I am forming an ad hoc committee to address our approach towards engaging youth. I need 5-6 members to meet with me to strategize and determine our scope, depth and capability to engage 10- 18 year olds. This committee would last about 90 to 120 days. These would be in person sessions using methodologies I have used throughout my career for problem solving and creating strategies. I am not looking to replace what we currently do. The outcome I am hoping for is to present a viable and realistic plan to the membership that we can engage, deploy, maintain, and get funding for. If you are interested in becoming a member of this ad hoc committee please contact me directly. I want to start this process soon.

The membership decided that the club will reserve \$500.00 to purchase entrance fees to the hamfest for members. The registration fee is @20.00 per person. We

will be covering 25 entrance fees. I will be talking with executive team members this week on how we approach this.

Bill Jackson KM6CRL has submitted his resignation as a Director on the HDARC Board of Directors. Bill, Thank you for your service. Sec. 15 of the bylaws state that “ If a BOD member is unable to complete his term, an election for the remainder of the term for that seat shall take place at the next club meeting.”

The 2025 DCHF is looking for presenters. If you feel you have a point of view on a ham related topic and wish to present a 60/90 minute presentation submit your request by clicking on this link <https://www.dukecityhamfest.org/forums/>

John Dodd KJ5KUF made a proposal to the membership that would arrange for Dr. Edwin Fong Professor and PhD of Electrical Engineering at the University of California Santa Cruz to present via zoom to the club about his antenna designs. John has bought ten(10) of Dr. Fong’s VHF/UHF kits for the club to assemble and members own. Thank you John for your generous donation. I have reached out to Dr. Fong directly and will let you know what we work out. More info. To come.

Another big 73 to John KJ5KUF for volunteering to be net control for a session of our Saturday Statewide Chat Shack Net; V.P. John K5JVG will work with John KJ5KUF to arrange this.

This past Saturday was our HDARC ARRL Annual Field Day event at Haynes Park in Rio Rancho. 73 to V.P. John K5JVG for organizing this event and Quartermaster Rob KI5NBN for hauling the club trailer out to the event. More info. within.

Quartermaster Rob KI5NBN and I have set a new date of Sunday August 24, 2025 for the Club Tailgate and Social (BBQ) in the ABQ area. We have several potential locations. Once one is locked in location and times will be announced.

We will be needing a volunteer to assume the duties of supplying coffee and donuts for our monthly membership meetings on the 3rd Saturday of every month. The club purchases all the items. Cynthia Beiser, KJ5FMW has been in

charge of these duties for over a year. She has done a wonderful job. Thank you Cynthia. The new volunteer would assume the duties for the July 2025 meeting. If you are interested please contact me.

Here are some important updates for this week:

There will be our statewide Saturday Chat Shack Net this Saturday. More info inside.

Rob KI5NBN and I have picked up a donated 12 dB Stationmaster antenna (the 20-foot-long fiberglass model) from Mike K5MGR. If you are interested and need more information email me.

Our nightly sessions on the HDARC repeater at 1930 hours has been coined "HDARC 2 Night". Come join the conversation. A big 73 to Quartermaster Rob for being on the repeater and providing a sense of order. More info. inside

During the July general membership meeting Quartermaster Rob KI5NBN will be conducting a Portable LIPO 4 Portable Battery Pack Build Workshop. More info within.

Join HDARC East Mountain Group members on the Bravo Sierra Net on the Raven Road repeater in Tijeras every Friday at 8 pm @ 146.720 (-) 100 Hz Tone. Laid back get together for chatting, telling jokes/riddles/puns and generally having fun. Each week is a new Net Controller so that volunteers can practice their skills as Net Control in a relaxed and supportive environment.

I hope to hear you on the Saturday Chat Shack Net, and nightly on HDARC 2 Night.

73 Mike KI5NBP

THE SOUNDER SECTION

"To join together by pressure, fuse together for strength"

Club Repeaters and Simplex Frequencies

The Club has Two Repeaters, 442.750+ PL 162.2 on Sandia Crest and 145.370 - PL 162.2 in Edgewood. The Club uses two Simplex frequencies, 146.460 and 446.025

Join the FUN, join the Club

Are you aware that the HDARC is one of the most active Amateur Radio Clubs in New Mexico? Well, it is! Read on and find out! Tell a friend! www.nm5hd.org

To become a club member go to www.nm5hd.org and click on the "become a member" tab to join the ever growing group of the coolest Hams in New Mexico, you'll be glad you did!

Join the ARRL

The American Radio Relay League, the ARRL, a non-profit organization, is the largest membership association of amateur radio enthusiasts in the United States. The ARRL represents the interests of amateur radio operators before federal regulatory bodies, the ARRL provides technical advice and assistance to amateur radio enthusiasts, it also supports a number of educational programs and sponsors emergency communications service throughout the

country. The HDARC is an ARRL Affiliated Club and a ARRL Special Service Club. We encourage you to join. Click on this link:

THE COUNTERPOISE SECTION

“To have an opposing and balancing effect ”

From the Elmer

“It ought to be commemorated as the day of deliverance,
by solemn acts of devotion to God Almighty.
It ought to be solemnized with pomp and parade,
with shows, games, sports, guns,
bells, bonfires, and illuminations, from one end
of this continent to the other,
from this time forward forevermore.”

John Adams writing about Independence Day

On Friday, we'll be celebrating the 249th birthday of our country. Like most Americans, ham radio operators will be observing the holiday with family and friends. Unlike most Americans, many hams will get on the air to participate in the annual 13 Colonies Special Event.

The 13 Colonies Special Event starts on July 1, 2025-1300 UTC (0700 local time) and

runs to July 8, 2025-0400 UTC (2200 July 7 local

time). All HF bands (except 60 meters) and modes will be activated. 6 meter and 2 meter simplex will also be used. Each of the original 13 colonies will have a special callsign. For example, Rhode Island will have the callsign K2C. In addition, there will be bonus stations from Great Britain (GB13COL), and France (TM13COL).

I'm told that last year there were nearly 300,000 contacts in the 13 Colony event. So, if you do make contact with any or all of the 13 Colonies, and are wanting a QSL card(s) or a certificate, it will likely be a very long wait for you as they process all the contacts.

Go to: 13colonies.us for more information.

Speaking of special event stations, if you've never chased one, you're

missing out on a great deal of enjoyment. They're even more fun if you enjoy collecting wallpaper (certificates) or QSL cards. You can work famous Naval ships like the USS New Jersey or the USS Iowa. You can work WWII RAF airfields. You can work the city of Belen (Bethlehem), NM at Christmas time. (I once worked the cities of Hell and Paradise, MI during a special event.) ARRL.org keeps a list of special event stations, including those that will be honoring our nation's Independence Day this weekend.

May you and yours have a happy (and safe) Fourth of July! Take a moment or two to reflect on our Founding Fathers who gave birth to our nation, and to those (past and present) who took the oath to preserve and protect our Constitution. Oh, and one more thing. Don't forget to exercise your privilege as an amateur radio operator and excite a few electrons.

73 MaryAnn NS7X

THE CHAT SHACK SHEET SECTION

"Reaching out to each other through the art of verbal dialogue"

Saturday CHAT SHACK NET/MegaLink

Saturday 10 A.M. STATEWIDE CHAT SHACK NET will use the 444.325 + PL 100 and the 145.290 - PL100 on Sandia Crest in order to access the MegaLink system.

NM5HD Net Controllers :

1st Saturday, John Gleason, K5JVG

2nd Saturday, Mike Smith KI5NBP

3rd Saturday, Club Meeting. No net

4th Saturday, Mike Chirin, NM5MC

5th Saturday, Open for a volunteer.

There next net is Saturday July 5, 2025 Your net controller is V.P. John K5JVG. You can reach this Net from any part of NM because of its design. You just need to be on the right frequency, offset, and PL tone for the local repeater closest to your location at the day and time of the net. For current mega link frequency information go to www.nm5ml.com. If you're having issues programming your radio email hdarcpres@gmail.com. You will be directed to someone in the club that can help you. Please [click here](#) to see the operational status of NM5ML Mega Link Repeaters.

V.P. John K5JVG is the Committee Lead for HDARC Net's.

Please consider trying the Net Controller experience. Contact John K5JVG if you are interested. You will be mentored and try it once to see if you like it. No commitments.

HDARC 2 Night

We now have a name for the nightly conversations on our repeater "HDARC 2 Night". On any night at 7:30 PM Local time tune *into 442.750+ PL 162.2 on Sandia Crest, the HDARC repeater and call in with your call sign and see if you can strike up a conversation. Even though this is not a NET we need a sense of decorum. Please follow these procedures:*

- Do not short key each other

- If you are involved in a QSO, *every 5 minutes or so during the QSO check to see if anyone else would like to join the conversation.*
- Don't forget to announce your callsign at least every 10 minutes when engaged in a conversion.

There are great exchanges happening, come join the conversations and camaraderie.

BRAVO SIERRA NET

Join HDARC East Mountain Group members on the Bravo Sierra Net on the Raven Road repeater in Tijeras every Friday at 8 pm @ 146.720 (-) 100 Hz Tone. Laid back get together for chatting, telling jokes/riddles/puns and generally having fun. Each

HDARC ARRL 2025 Field Day Event

Saturday June 28, 2025

Haynes Park, Rio Rancho NM

HDARC V.P. John K5JVG spearheaded the HDARC ARRL 2025 Field Day Event. The event location was at Haynes Park in Rio Rancho NM . We began setting up @ 0900 hours local. At one point we had over 40 members and visitors on site. We had two

HF radios in operation , 2 meter/70 cm radio in operation, digital

mode operating and the Sandoval County ARES EmComm trailer in operation on 2 meter/70 cm. The site had power and was well covered. We had easy access to drive on the field. A big thanks to the Rio Rancho Parks and Recreation Dept.

A big 73 to all members who came out and especially to the following HAMS set up gear and operated:

- **Sandoval County ARES**
- **Gary K5BIQ**
- **Rob KI5NBN**
- **Yul WA5YUL**
- **John KI5YIF**
- **Paul KB0WMA**

AMMO CAN LIPO 4 Portable Battery Pack Build Workshop

The club will be holding a LIPO4 Portable Battery Pack Build Workshop led by HDARC Quartermaster Rob KI5NBN during the July 19, 2025 General Membership Meeting. A lot of you have seen his Ammo Can LIPO pack builds. Now here is the chance to build your own. Any licensed HAM can be a part of the workshop. If you want to build the Ammo Can LIPO4

Portable Battery Pack during the workshop you will have to arrive with all the parts purchased in advance of the workshop.

The following callsigns have signed up for the build:

KI5NBP KJ5KUF K4VGG N9DCS KJ5ITL NS7X
K5JVG

If your call son does not appear above and you wish to build pelase contact me at hdarcpres@gmail.com

Rob KI5NBN has assembled this parts list and suppliers. Here is the updated parts list provided through Rob KI5NBN by Mark KJ5ITL who has been purchasing the supplies needed his build (73 Mark) :
(UPDATED TODAY)

New info:

Headway 38120S LiFePo4 Battery Cells 8 Pack 3.2V 10Ah (1 set of 8) \$70.00:

National Solar Observatory

Sunspot NM

Hamming Around New Mexico

New Date: September 6, 2025

Here is another exciting “Hamming around New Mexico” opportunity. HDARC will be visiting “The National Solar Observatory” in Sunspot NM on Saturday September 6, 2025. We are scheduled for a private 2 hr behind the scenes tour and private presentation by Dr Sean Sellers, Astronomer at Sunspot. Sunspot NM is located in the Sacramento Mountains south of Cloudcroft NM in the Lincoln National Forest. Sunspot NM is 257 miles from Albuquerque. Google maps shows it would take 4 hours and 15 minutes by the fastest route. The schedule is being worked on. The intent is to have the tour and presentation in the Mid Afternoon. This would provide us a chance to operate on site in the morning for those arriving the night

before. Accommodations are available in Ruidoso, Mescalero, and Alamogordo. Remember this is the summer time and these are big tourist towns. A big 73 to Marc KD6KR coordinating this event. [If you would like to attend please save a spot early and email me at \[hdarcpres@gmail.com\]\(mailto:hdarcpres@gmail.com\)](#). The link to the Observatory is: <https://nso.edu>

The following callsign have registered to participate in this adventure:

KD6KR	KI5NBP	AG5UY	N6SIK	N6TYT	KI5NBN
NM5MC	K5JVB	WA5YUL	N1NVK	KJ5ICW	KJ5JMK
KG5ZRU	KJ5LAK	WD5EQY	KI5UIT	K5WEZ	

If your callsign does not appear above and you registered please email hdarcpres@gmail.com

Lodging Info: Those of you that wish to stay overnight in Alamogordo NM on the Friday September 5, 2025 or Saturday September 6, 2025, Marc KD6KR has made arrangements with Super 8 Motel for a group rate of \$77.00 per night. The regular rack rate is \$99.00 plus. When you make your reservations mention our club for the special rate. More details to come.

HDARC EAST MOUNTAIN GROUP

The next installment of the packet workshop will be held July 17th from 10 am to noon at the Tijeras public library. Instructed by Jonathan Earhart KIUIT.

BRAVO SIERRA NET: Join HDARC East Mountain Group members on the Bravo Sierra Net on the Raven Road repeater in Tijeras every Friday at 8 pm @ 146.720 (-) 100 Hz Tone. Laid back get together for chatting, telling jokes/riddles/puns and generally having fun. Each week is a new Net Controller so that volunteers can practice their skills as Net Control in a relaxed and supportive environment.

HDARC Tailgate and SOCIAL (BBQ)

NEW DATE: Sunday August 24, 2024 (corrected date)

Our inventory is bursting at the seams. We are in the planning stages of having a Club Tailgate and social (BBQ) on Sunday August 24, 2025. This is a great opportunity for members to find a great bargain and visit over with each other over a hot dog or hamburger. More details to follow. If you have questions or wish to volunteer to help email hdrocpres@gmail.com

THE CONNECTIONS SECTION

"a relationship in which a person, thing, or idea is linked or associated with something else."

Test Equipment Loaner Program for Members

HDARC Director Harvey Dove KI5YVY is the lead for this program. A copy of the program outline and how to contact Harvey to request a loaner is posted on the home page of NM5hd.org. Click on this link: https://www.nm5hd.org/files/ugd/d9cb96_5fe894d5a99c434191712575def6987b.pdf

The current inventory of loaner test equipment includes:

- MFJ -263 Dummy Loads
- MFJ - 802B Field Strength Meter
- RigExpert AA-650ZOOM Antenna Analyzer

We CURRENTLY have five donated pieces of test equipment. Please consider if you have a piece of gently used and functional test equipment you can donate for this program. The next purchase of test equipment for the program will include RF noise detectors (MFJ 805). An MFJ 259 Antenna Analyzer was donated by Roger K5RPE. 73
Roger

We are looking for volunteers to help us make in house instructional videos to demonstrate how to use each piece of test equipment. Your role would be to be the on air talent. Other

members would assist in creating the storyboards, help writing the script, recording, editing, and posting. If you have the hands on knowledge, help us share that with other club members.

RT Systems Programming Software Available for Use

The club has in its possession the following RT Systems programming software available for use:

- Icom-2730
- Alinco-635
- Yaesu FT-60
- Yaesu FT-2900
- Yaesu FTM-6000

Please contact Past President David Ham N6SIK if you wish to use them at n6sik@arri.net

V.E. Testing **(Scheduling Change)**

The HDARC is a sponsor of the Institute of HAM Radio Sciences, which conducts free V.E. testing sessions on behalf of the HDARC at 11:30 on the 3rd Saturday of April, June, August. October, and December immediately following the Monthly HDARC In-Person Club Meeting in classroom #4 at the North Domingo Baca Multigenerational

Center. Look for the link [FREE TESTING](#) on the club web page. Please, pre register on the club web page for testing www.nm5hd.org. For more information contact Yul Bratcher at his email, yul.bratcher@att.net A big 73 to YUL and the V.E. team for volunteering their time and resources. Without them this could not happen. **The next testing session is August 16, 2025.**

Saturday August 16, 2025

Saturday October 18, 2025

Saturday December 20, 2025

Here are the new licensees and upgrades from our June 2025
Session:

John (upgrade General) Kenneth (Upgrade Amateir Extra) Christine (New Technician)

Congratulations!

Classifieds

Welcome to the classified section. The intent is to give members and other HAMS a place to advertise any HAM related equipment they have for sale. It is also a place for members to list what HAM related equipment they are seeking to buy. ***This is a free service with no fees attached.*** ***This week we are featuring items from the Club SK inventory. Contact our Quartermaster Rob KI5NBN at this email if you are interested: dynomutt@reagan.com Feel free to haggle with Rob. We will update this inventory weekly.***

The Club has received a generous donation of a large tower and antenna array. Please see the pictures below. This unit has a value of thousands of dollars. It would require the recipient to incur the cost of renting a crane to remove the unit from the current property, cost of disassembly, transport and have a pad with the appropriate receiving bolts in place ahead of time at their location plus assembly. The unit is being offered to the general HAM community for a donation. Please contact Past President David Ham N6SIK if you have questions about the unit.

The Sandoval County ARES has the following items for sale. Contact Gary K5BIQ at garycapt@yahoo.com to inquire and make an offer

- ***2- 15" Computer Monitors***
- ***Long LMR-400 coax***

- *Misc length coax*
- *Misc antenna parts*
- *23 amp Samlex 1223 Power Supply*
- *Headset*
- *Misc. parachute cord*
- *MFJ-993B Antenna Tuner*
- *MFJ-989D Versa Tuner*
- *Antenna mast tripod*
- *Kenwood 590s HF/50Mhz Transceiver*
- *Old laptop*
- *Kenwood TS-50 HF Transceiver*
- *Remote Antenna switch, Ameritron RCS-8V*
- *Ameritron ALS-600S Amplifier*

Available for Purchase from the club Inventory

More inventory to be listed soon

CONCLUSION

Check the club's website often, there are interesting things being added weekly. www.nm5hd.org

I want to thank the club's COB, Kenneth Ham, AG5UY, for maintaining the website. Thanks Yul, WA5YUL and V.E. team for what they do to provide free testing to the public. MaryAnn NS7X for the Elmer contribution. Thank you Rob KI5NBN for providing a list of gear to offer to the club members. Thanks to those of you who provided content for this periodical. Feel free to reach out to me anytime at hdarcpres@gmail.com. If you wish to add content to "The High Desert Dispatch" weekly periodical the deadline for submission is Monday preceding the Wednesday publication date. If you get the chance, monitor the HDARC repeater every night at 7:30 P.M. local time to find someone to exchange with. *I look forward to hearing you on the air.*

73 Mike
