Introduction from the President

Greetings,

This coming Saturday at 10:00 AM is our March Membership Meeting at the North Domingo Baca Multigenerational Center in Albuquerque. Carol Sugars K5TFL will be the presenter. The topic will be Summits on the Air (SOTA). Following her presentation we will conduct club business and conduct the incentive program drawing. We will have a 50/50 drawing, a HT giveaway and we will be giving away tickets to the circus. We have a limited supply. Testing will follow.

Our presenter Carol is also doing a half day workshop on SOTA in April with a SOTA activation location and date to be set by Carol and the participants at the workshop. You will have a chance to sign up for the April SOTA workshop at the live meeting.

Here are some important updates for this week:

The March 22, 2025 D-Star workshop is full. Registration is closed. Details within.

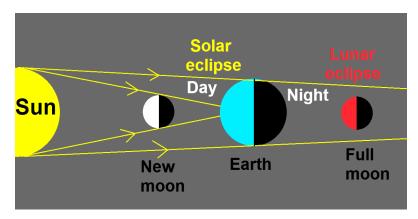

The HDARC Est Mountain Group is scheduled to have their monthly luncheon/meeting this Thursday in Edgewood. Details within. HDARC received 30 free child admission tickets to the Nuclear Circus. David N6SIK will be bringing the tickets to the meeting this Saturday to distribute. More details within.

THE HIGH DESERT DISPATCH # 238 WEDNESDAY March 12, 2025

The check in results for the Saturday Chat Shack Net Incentive program are now finalized. The drawing will take place at the meeting on Saturday. Details within.

The tentative start date for the CW workshop six (6)session series will be April 5, 2025. I am awaiting for final approval of the workshop location to come through. Details within.

The dates for the first FOXHUNT, the Satellite communication field days, and HOMEBREW contest are close to being set. The final details will be worked out over the next couple weeks. Check the future events segment for more detail. The Calendar section has May 2025 events listed.

For my fellow sky watchers, the total lunar eclipse on March 13-14, 2025, will unfold over six hours, offering skywatchers a changing view as the moon moves through Earth's shadow.

The most dramatic phase—the total eclipse—will last 66 minutes, giving plenty of time to witness the moon's eerie transformation into a deep red aka "The Red Moon". According to the KOAT ABC affiliate TV 7 website, the eclipse begins Thursday evening March 13, 2025 in New Mexico and will conclude very early on Friday morning March 14, 2025. Here is a breakdown:

4 This is a publication of the High Desert Amateur Radio Club of New Mexico Inc.

THE HIGH DESERT DISPATCH # 238 WEDNESDAY March 12, 2025

- Penumbral eclipse begins at 9:57 pm MT. Thursday 3/13/25
- Partial eclipse begins at 11:09 pm MT.
- Totality begins at 12:26 am MT. Friday 3/14/25
- Totality ends at 1:31 am MT.
- Partial eclipse ends at 2:47 am MT.
- Penumbral eclipse ends at 4:00 am MT.

If you happen to capture any good photos of the lunar event, send them in for publication in the High Desert Dispatch and

NM5HD Website with your name, callsign, date and a small caption. Show off your talent.

Don't forget about our Wednesday Noon Zoom Chat Room . This link is active through the end of 2025.

THE SOUNDER SECTION

"To join together by pressure, fuse together for strength"

Club Repeaters and Simplex Frequencies

The Club has Two Repeaters, 442.750+ PL 162.2 on Sandia Crest and 145.370 - PL 162.2 in Edgewood. The Club uses two Simplex frequencies, 146.460 and 446.025

Join the FUN, join the Club

Are you aware that the HDARC is one of the most active Amateur Radio Clubs in New Mexico? Well, it is! Read on and find out! Tell a friend! www.nm5hd.org

To become a club member go to www.nm5hd.org and click on the "become a member" tab to join the ever growing group of the coolest Hams in New Mexico, you'll be glad you did!

Join the ARRL

The American Radio Relay League, the ARRL, a non-profit organization, is the largest membership association of amateur radio enthusiasts in the United States. The ARRL represents the interests of amateur radio operators before federal regulatory bodies, the ARRL provides technical advice and assistance to amateur radio enthusiasts, it also supports a number of educational programs and sponsors emergency communications service throughout the country. The HDARC is an ARRL Affiliated Club and a ARRL Special Service Club. We encourage you to join. Click on this link: https://www.arrl.org/membership

THE COUNTERPOISE SECTION

"To have an opposing and balancing effect"

From The Elmer, NS7X

On occasion, you might find a survey entitled "What interested you about amateur radio?" It's often a multiple-choice survey, and the options to the question at hand usually involve the following: A fascination with the technology of radio. A desire to experiment with antennas. A drive to help my fellow man by participating in emergency communications. A desire to increase my capabilities from CB/GMRS. All of the above are legitimate reasons to become a ham radio operator. But, one of the coolest things about ham radio is the fact that regardless of who you are or what your background is, being a ham is the one true equalizer in our modern day life. For

example, once upon a time ago, there was a ham named Hussein. He had the call JY1. He chatted with a new American ham who was impressed with Hussein's call. The young American said, "You must know someone pretty important to get that call." What our American kid didn't know was that he was talking to King

Hussein of Jordan. Then there was the fellow from Arizona who'd set up an antenna on top of his office building. He'd spend lunch periods contacting as many hams as he could. His name was Barry, and his call was K7UGA. He was a US Senator – Barry Goldwater. And his antenna was set up on top of the US Capitol Senate Office building. But to hams, he was known as Barry. The truly cool thing about ham radio is that you can talk to kings or senators, housewives or a mechanic. All are equal, and we use their first names. All hams are equal on the airwaves. How cool is that!

73 de MaryAnn, NS7X ns7x@arrl.net

Elmer MaryAnn has prepared several tutoring kits for new hams. These kits will be available at this coming Saturday's meeting. Thank you MaryAnn. If you know of someone wanting to become a ham or if you wish to upgrade, MaryAnn NS7X can be contacted through ns7x@arrl.net

ELMERS are defined as an experienced operator who takes someone under his or her wing, providing personal guidance and answers to the thousands of questions that confront a newbie. In our case it would include those wanting to upgrade.

The New HAM 10 (or so) Minute Tutorial

Thanks to Harry Hall K5HLH for forwarding this link about the current state of HAM Radio Nets.

The grand prize is a \$300.00 gift certificate to HRO (Ham Radio Outlet). We will have the drawing at the March 15, 2025 Membership Meeting. That's this Saturday. To those members that are listed above:

- You do not have to be present at the meeting to win.
- Tickets with your call sign on them will be placed in a container.
- One ticket will be drawn and verified during the membership meeting on March 15, 2025.
- Once a winner is drawn, The President of the HDARC will retrieve the info. needed from the winner and contact HRO-Denver to have the \$300.00 gift certificate transferred to the winners account at HRO. It can be used at ANY HRO location. If you don't have an HRO account, one will be created for you. GOOD LUCK!

Saturday CHAT SHACK NET/MegaLink

NM5HD Net Controllers :

1st Saturday, John Gleason, K5JVG 2nd Saturday, Mike Smith KI5NBP 3rd Saturday, Club Meeting. No net 4th Saturday, Mike C NM5MC 5th Saturday, Open for a volunteer.

We had 18 check ins to the net last week,

The next net is Saturday March 22, 2025 The net controller has not been assigned vet. You can reach this Net from any part of NM because of its design. You just need to be on the right frequency, offset, and PL tone for the local repeater closest to your location at the day and time of the net. I use a HT and have checked in from different parts of the state with minimal issues. For current mega link frequency information go to www.nm5ml.com. If you're having issues programming your radio email hdarcpres@gmail.com. You will be directed to someone in the club that can help you. Please click here to see the operational status of NM5ML Mega Link Repeaters.

V.P. John K5JVG is the Committee Lead for HDARC Net's.

HDARC Repeater Use Experiment

John KJ5DSU had a question about why the HDARC repeater seems to transmit nothing but crickets anytime he happens to listen in and wants to strike up a conversion? Many of us have asked the same question. What was nice is that he also recommended a solution that is simple, costs no more money then we have

already invested in our equipment, and is well within the capabilities of any one holding any of the three classes of licenses. Let's say if every member tried to monitor and exchange at least 1 night a month the repeater might not collect cobwebs.

Here is the proposal, on any night at 7:30 PM Local time tune *into* 442.750+ PL 162.2 on Sandia Crest, the HDARC repeater and call in with your call sign and see if you can strike up a conversation. This is not a NET. Just an attempt to get us to spend a few minutes to monitor the frequency and have a conversation with someone over our repeater. This will go on every night moving forward. Thanks John, great idea. Let's see what happens. So let's get those \$15.00 Baofengs fired up. I hope to talk to you tonight.

THE REPEATER SECTION

"Receive and retransmit a communication signal"

FREE Child Admission Circus Tickets

The club received 30 tickets for members to attend the Garden Bros. Nuclear Circus coming March 20-24, 2025 at the NM State Fair Grounds in Albuquerque. The ticket is for a free child admission ages 3-13 with a paid adult.

Past President David N6SIK received these tickets by mail under the club's name and will bring them to the club meeting this coming Saturday. First come, first serve until we run out. For more information go to

https://www.gardenbrosnuclearcircus.com/

D-Star Workshop -March 22, 2025 -Update

Bob Langoria N5JH has agreed to present a D-Star Workshop on March 22, 2025 from 10:30 A.M. till 1:30 P.M. in the Clubhouse located at "The Vineyards 55 Plus Estates" 6118 Edith Blvd NE in Albuquerque New Mexico. A big 73 to John Mocho KC5QOC for making the arrangements for the facialites use. Registration is now closed.

The following callsigns have registered to this date:

K4DGG	AF5TT	KI5NBP	K5JVB N6SIK	AG5UY
NS7X	N5CJC	N6TYT	WA5YUL KI5YIF	N2GJ
K5RFP	W4SOF	N5JFN	KD5ZCT	

If your call sign is listed N5JH has sent out a pre workshop email to you last week with important pre workshop instructions. If you did not receive that email contact us at hdarcpres@gmail.com

If you registered and your callsign does not appear above email hdarcpres@gmail.com.

A D-STAR (Digital Smart Technologies for Amateur Radio) workshop offers an opportunity for amateur radio enthusiasts to delve into the intricacies of digital communication systems. During the workshop, participants specifically explore the D- STAR protocol, learning how it enables reliable digital voice and data transmission over radio frequencies. Experienced instructors guide attendees through the setup and operation of D-STAR equipment, including transceivers and repeaters, while discussing the benefits and challenges of digital modes compared to traditional analog methods. Attendees also engage in hands-on activities, allowing them to program, configure and test their equipment in real-time, allowing a deeper understanding and proficiency in using this advanced technology. The workshop will also explore the use of hotspots to further enhance the digital communications experience. Whether you are a seasoned operator or a newcomer, the workshop offers an environment to enhance skills, share experiences, and explore the potential of digital amateur radio communication.

SOTA (Summits on the Air) Workshop April 12, 2025

Carol Sugar K5TFL will lead a SOTA workshop on April 12, 2025. THE LOCATION IS THE City of Albuquerque LOS DURANES COMMUNITY CENTER 2920 Leopoldo NW, Albuquerque NM 87104.

https://www.cabq.gov/family/crei/community-centers/los-duranes-community-center

<u>Registration is now open for this workshop.</u> A date and location for a <u>local activation</u> will be decided at the workshop. Any licensed HAMS who are interested in learning what SOTA is and directly experiencing an activation in the local area email hdarcpres@gmail.com to register. The class size will be limited to 25.

Here is as listing of the callsigns that have registered to date: KI5NBP AF5TT KJ5ICW KC2LM KG5ZRU N6SIK N6TYT AG5UY WA5YUL

The aim of SOTA is to encourage licensed amateur radio operators to operate temporarily from mountainous locations using any method of travel including hiking, mountain climbing, and cycling while operating their amateur radio station from the summits of hills and mountains. In addition to getting operators out into the field the program encourages others to listen into the transmissions from

these stations and send in reports. Click on the link below to learn more about SOTA

CW Workshop Sessions -New April 5- May 10

Club Director and Elmer NS7X MaryAnn has agreed to conduct another series of weekly CW classroom sessions. They are tentatively scheduled to start on Saturday April 5, 2025 from 10:00 AM to 11:30 AM and will meet every Saturday at the same time and place on Saturdays through May 10, 2025. That is six(6) sessions. You are required to attend all 6 sessions. Once we receive final location confirmation all registrants will be notified. The classroom sessions will be followed up with a multi week club CW contest starting in late May early June 2025. These sessions are for anyone wishing to learn and improve their skill set in keying CW. Class size is limited to 12 participants.

Please email hdarcpres@gmail.com if you wish to attend. The following callsigns have pre registered:

KY5YK KD5SPB N6SIK AG5UY N1NVK KG5ZRU

If your call sign does not appear above and you wish to attend please contact https://does.org/nd.com

Class 1	4/5/2025	10:00 AM-11:30 AM
Class 2	4/12/2025	10:00 AM-11:30 AM
Class 3	4/19/2025	10:00 AM-11:30 AM
Class 4	4/26/2025	10:00 AM-11:30 AM
Class 5	5/3/2025	10:00 AM-11:30 AM
Class 6	5/10/2025	10:00 AM-11:30 AM

National Solar Observatory Sunspot NM Hamming Around New Mexico June 7, 2025

Here is another exciting "Hamming around New Mexico" opportunity. **HDARC** will be visiting "The National Solar Observatory" in Sunspot NM on Saturday June 7, 2025. We are scheduled for a private 2 hr behind the scenes tour and private presentation by Dr Sean Sellers, Astronomer at Sunspot. Sunspot NM is located in the Sacramento Mountains south of CloudCroft NM in the Lincoln National Forest. Sunspot NM is 257 miles from Albuquerque. Google maps shows it would take 4 hours and 15 minutes by the fastest route. The schedule is being worked on. The intent is to have the tour and presentation in the Mid Afternoon. This would provide us a chance to operate on site in the morning for those arriving the night before. Accommodations are available in Ruidoso, Mescalero, and Alamogordo. Remember this is the summer time and these are big tourist towns. A big 73 to Marc KD6KR coordinating this event. If you would like to attend please save a spot early and email me at hdarcpres@gmail.com. The link to the Observatory is: https://nso.edu

The following calls sign have registered to participate in this adventure:

KD6KR KI5NBP AG5UY KI5NBP N6SIK N6TYT KI5NBN NM5MC K5JVB WA5YUL N1NVK KI5YIF

If your callsign does not appear above and you registered please email hdarcpres@gmail.com

HDARC EAST MOUNTAIN GROUP

The HDARC East Mountain Group will be holding their monthly luncheon/meeting on March 13, 2025 at Lil Mama's Restaurant located at 150 NM-344 A, in Edgewood, NM 87015. Start time is 11:30 AM. All are invited to attend. Contact Club Quartermaster/East Mountain resident Rob KI5NBN if you have any questions.

https://menushenu.com/lil-mamas-restaurant-edgewood-menu/

THE CONNECTIONS SECTION

"a relationship in which a person, thing, or idea is linked or associated with something else."

Test Equipment Loaner Program for Members

HDARC Director Harvey Dove KI5YVY is the lead for this program. *A copy of the program outline and how to contact Harvey to request a loaner is posted on the home page of NM5hd.org. Click on this link:*https://www.nm5hd.org/files/ugd/d9cb96_5fe894d5a99c43419171257
5def6987b.pdf

The current inventory of loaner test equipment includes:

- MFJ -263 Dummy Loads
- MFJ 802B Field Strength Meter
- RigExpert AA-650ZOOM Antenna Analyzer

We CURRENTLY have three donated pieces of test equipment. Please consider if you have a piece of gently used and functional test equipment you can donate for this program. The next purchase of test equipment for the program will include RF noise detectors (MFJ 805).

We are looking for volunteers to help us make in house instructional videos to demonstrate how to use each piece of test equipment. Your role would be to be the on air talent. Other members would assist in creating the storyboards, help writing the script, recording, editing, and posting. If you have the hands on knowledge, help us share that with other club members.

RT Systems Programming Software Available for Use

The club has in its possession the following RT Systems programming software available for use:

- Icom-2730
- Alinco-635
- Yaesu FT-60
- Yaesu FT-2900
- Yaesu FTM-6000

Please contact Past President David Ham N6SIK if you wish to use them at n6sik@arrl.net

HDARC Member Name Badges/Hats/Shirts-New

I have been asked by members how to purchase a HDARC Membership Badge.

<u>Click Here</u> to be directed to our vendor's web store. <u>The site is fully operational again.</u>

HDARC Shirts,hats,and other Club gear can be ordered from Rio Rancho T-Shirts, 1207 Golf Course Rd SE Ste F, Rio Rancho, NM 87124. Speak with Wayne or Penny at: (505)

891-1521.

V.E. Testing

The Institute of HAM Radio Sciences conducts free V.E. testing session at NOON on the 3rd Saturday, of every month immediately following the Monthly HDARC In-Person Club Meeting in classroom #4 at the North Domingo Baca Multigenerational Center. Look for the link FREE TESTING on the club web page. Please, pre register on the club web page for testing www.nm5hd.org. For more information contact Yul Bratcher at his email, yul.bratcher@att.net A big 73 to YUL and the V.E. team for volunteering their time and resources. Without them this could not happen.

Classifieds

Welcome to the classified section. The intent is to give members and other HAMS a place to advertise any HAM related equipment they have for sale. It is also a place for members to list what HAM related equipment they are seeking to buy. This is a free service with no fees attached. This week we are featuring items from the Club SK inventory. Contact our Quartermaster Rob KI5NBN at this email if you are interested: dynomutt@reagan.com Feel free to haggle with Rob. We will update this inventory weekly.

Available for Purchase from the club Inventory

More inventory to be listed soon

ABBREE AR518 HT. 10 Watts. Full Band. No external charger. Suggested Donation \$40.00

ICOM IC2A HT radio- 2 meter only-works. Suggested Donation \$40.00

Kenwood TH-D7A HT radio. Dual band- missing external charger.
Suggested Donation \$250.00

CONCLUSION

Check the club's website often, there are interesting things being added weekly. www.nm5hd.org

I want to thank the club's COB, Kenneth Ham, AG5UY, for maintaining the website. Thanks Yul, WA5YUL and V.E. team for what they do to provide free testing to the public. Thank you to our Elmer MaryAnn NS7X for contributing to the Dispatch. Thank you Rob KI5NBN for providing a list of gear to offer to the club members. Thanks to those of you who provided content for this periodical. Feel free to reach out to me anytime at hdarcpres@gmail.com. If you wish to add content to "The High Desert Dispatch " weekly periodical the deadline for submission is Monday preceding the Wednesday publication date. If you get the chance, monitor the HDARC repeater every night at 7:30 P.M. local time to find someone to exchange with. I look forward to seeing you at our monthly meeting this Saturday.

73 Mike
