Introduction from the President

Greetings,

Welcome to April 2, 2025. This marks the beginning of our Spring HDARC schedule and programming changes. Our April schedule is loaded. It is the day after April fools day. So there are no jokes here. Just a fun packed April of club events.

For the last month I have asked members to dial into the HDARC repeater and call in once a week between 1930 hours and 2100 hours local just for a quick chat with another member. Participation has been sparse. I tried again last night between 2000 and 2030 hours and heard crickets. This week, pick a night and time to have a quick hello and chat. Give it a try. More info. within.

We will be needing a volunteer to assume the duties of getting coffee and donuts for our monthly membership meetings on the 3rd Saturday of every month. Cynthia Beiser, KJ5FMW has been in charge of these duties for over a year. She has done a wonderful job. Thank you Cynthia. The new volunteer would assume the duties for the June 2025 meeting. If you are interested please contact me.

I will be sending out a short survey to members in good standing sometime during April 2025 to provide feedback on current and future programming.

Here are some more important updates for this week:

The start date for the CW workshop six (6)session series will be this coming Saturday April 5, 2025. The location will be the North Domingo Baca Multigenerational Center. Details within.

The SOTA workshop on April 12, 2025 still has openings. Details within.

The Net Controller for this Saturday's Statewide Chat Shack Net is VP John K5JVG. Details within.

Don't forget about our Wednesday Noon Zoom Chat Room . This link is active through the end of 2025.

THE SOUNDER SECTION

"To join together by pressure, fuse together for strength"

Club Repeaters and Simplex Frequencies

The Club has Two Repeaters, 442.750+ PL 162.2 on Sandia Crest and 145.370 - PL 162.2 in Edgewood. The Club uses two Simplex frequencies, 146.460 and 446.025

Join the FUN, join the Club

Are you aware that the HDARC is one of the most active Amateur Radio Clubs in New Mexico? Well, it is! Read on and find out! Tell a friend! www.nm5hd.org

To become a club member go to www.nm5hd.org and click on the "become a member" tab to join the ever growing group of the coolest Hams in New Mexico, you'll be glad you did!

Join the ARRL

The American Radio Relay League, the ARRL, a non-profit organization, is the largest membership association of amateur radio enthusiasts in the United States. The ARRL represents the interests of amateur radio operators before federal regulatory bodies, the ARRL provides technical advice and assistance to amateur radio enthusiasts, it also supports a number of educational programs and sponsors emergency communications service throughout the country. The HDARC is an ARRL Affiliated Club and a ARRL Special

Service Club. We encourage you to join. Click on this link:

WELCOME TO NEW MEMBERS

David Gimson

THE COUNTERPOISE SECTION

“To have an opposing and balancing effect ”

From The Elmer, NS7X

CW, anyone?

We'll be starting our CW class this Saturday. I'm looking forward to it because I think it'll be a whole lot of fun. Not just because CW is so engaging, but because there'll be some pretty cool people in the class. Of course we'll cover the basics, but because several participants have been exposed to code previously, we should be able to cover more “How to have a QSO” topics. The class will last for 6 weeks, and will culminate in a CW Challenge, the winner of which will win a very nice set of Vibroplex paddles.

In spite of the fact that Morse code proficiency is no longer required by the FCC for ham radio licensing, it seems that there is quite an interest in hams that use, and those who want to learn, CW. If the sheer number of “Learn Morse Code” apps is any indication, it would seem that CW has never enjoyed as much popularity. But there’s a lot more involved in learning code. It requires discipline. Which means, you’ve got to use it, and practice it. When you do, you’ll find your code speed will increase almost without any effort at all. This is why I’m hopeful that as this class wraps up, we can establish a New Mexico slow code net. If there is sufficient interest, I’m thinking it could be held three days a week, probably Mondays, Wednesdays, and Fridays, on 80 meters at 0030z (6:30 pm local time). I’ve talked with Gerry Jurrens, N2GJ, (the New Mexico Section Traffic Manager) about the notion and he is very encouraging. I’d like to see it develop into a 7 day a week NTS traffic net, but we’ll have to see if there is enough interest and support for a New Mexico Code Net (NMCN). As always, I’m anxious to hear comments, questions, and concerns. And, by the way, we still have a few openings for the CW class which will be held at North Domingo Baca Multigenerational Center on Wyoming at Carmel. Class starts at 9 AM and will run an hour to 90 minutes. Contact Mike Smith, KI5NBP, at hdarcpres@gmail.com if you’re Interested. In the meantime, you can figure out why those

73 de MaryAnn, NS7X ns7x@arrl.net

Elmer MaryAnn has prepared several tutoring kits for new hams. These kits will be available at this coming Saturday's meeting. Thank you MaryAnn. If you know of someone wanting to become a ham or if you wish to upgrade, MaryAnn NS7X can be contacted through ns7x@arri.net

ELMERS are defined as an experienced operator who takes someone under his or her wing, providing personal guidance and answers to the thousands of questions that confront a newbie. In our case it would include those wanting to upgrade.

THE CHAT SHACK SHEET SECTION

"Reaching out to each other through the art of verbal dialogue"

Saturday CHAT SHACK NET/MegaLink

Saturday 10 A.M. STATEWIDE CHAT SHACK NET will use the 444.325 + PL 100 and the 145.290 - PL100 on Sandia Crest in order to access the MegaLink system.

NM5HD Net Controllers :

1st Saturday, John Gleason, K5JVG

2nd Saturday, Mike Smith KI5NBP

3rd Saturday, Club Meeting. No net

4th Saturday, Mike Chirin, NM5MC

5th Saturday, Open for a volunteer.

The next net is Saturday April 5, 2025 Your net controller is V.P. John K5JVG. You can reach this Net from any part of NM because of its design. You just need to be on the right frequency, offset, and PL tone for the local repeater closest to your location at the day and time of the net. I use a HT and have checked in from different parts of the state with minimal issues. For current mega link frequency information go to www.nm5ml.com. If you're having issues programming your radio email hdarcpres@gmail.com. You will be directed to someone in the club that can help you. Please [click here](#) to see the operational status of NM5ML Mega Link Repeaters.

V.P. John K5JVG is the Committee Lead for HDARC Net's.

HDARC Repeater Use Experiment

John KJ5DSU had a question about why the HDARC repeater seems to transmit nothing but crickets anytime he happens to listen in and wants to strike up a conversation? Many of us have asked the same question. What was nice is that he also recommended a solution that is simple, costs no more money than we have already invested in our equipment, and is well within the capabilities of any one holding any of the three classes of licenses. Let's say if every member tried to monitor and exchange at least 1 night a month the repeater might not collect cobwebs.

Here is the proposal , on any night at 7:30 PM Local time tune *into 442.750+ PL 162.2 on Sandia Crest, the HDARC repeater and call in with your call sign and see if you can strike up a conversation.* This is not a NET. Just an attempt to get us to spend a few minutes to monitor the frequency and have a conversation with someone over our repeater. This will go on every night moving forward. Thanks John, great idea. Let's see what happens. So let's get those \$15.00 Baofengs fired up. I hope to talk to you tonight.

THE REPEATER SECTION

“Receive and retransmit a communication signal”

CW Workshop Sessions April 5- May 10, 2025

Club Director and Elmer NS7X MaryAnn has agreed to conduct another series of weekly CW classroom sessions. *The series begins this coming Saturday April 5, 2025 from 9:00 AM to 10:30 AM and will meet every Saturday at the same time and place on Saturdays through May 10, 2025. That is six(6) sessions. You are required to attend all 6 sessions. The location of all six sessions is the North Domingo Baca Multi-Cultural Center 7521 Carmel NE Albuquerque, NM 87113 in the community room.* The classroom sessions will be followed up with a multi week club CW contest starting in late May early June 2025. These sessions are for anyone wishing to learn and improve their skill set in keying CW. Class size is limited to 12 participants. Please email hdarcpres@gmail.com if you wish to attend. The following callsigns have pre registered: KY5YK KD5SPB N6SIK AG5UY N1NVK KG5ZRU KI5YVY K4DGG

If your call sign does not appear above and you wish to attend please contact hdarcpres@gmail.com

Class 1	4/5/2025	9:00 AM-10:30 AM
Class 2	4/12/2025	9:00 AM-10:30 AM
Class 3	4/19/2025	9:00 AM-10:00 AM
Class 4	4/26/2025	9:00 AM-10:30 AM
Class 5	5/3/2025	9:00 AM-10:30 AM
Class 6	5/10/2025	9:00 AM-10:30 AM

SOTA (Summits on the Air)
Workshop April 12, 2025

Carol Sugar K5TFL will lead a SOTA workshop on April 12, 2025. THE LOCATION IS THE City of Albuquerque LOS DURANES COMMUNITY CENTER 2920 Leopoldo NW, Albuquerque NM 87104. 10:00 AM to 1:00 PM

<https://www.cabq.gov/family/crei/community-centers/los-duran-es-community-center>

Registration is now open for this workshop. A date and location for a **local activation** will be decided at the workshop. *Any licensed HAMS who are interested in learning what SOTA is and directly experiencing an activation in the local area email hdarcpres@gmail.com to register. The class size will be limited to 25.*

Here is as listing of the callsigns that have registered to date:

**KI5NBP AF5TT KJ5ICW KC2LM KG5ZRU N6SIK
N6TYT AG5UY WA5YUL KY5YK KE5DKJ KJ5DSU
WB9ZRE**

If your callsign is missing please contact us at hdarcpres@gmail.com.

The aim of SOTA is to encourage licensed amateur radio operators to operate temporarily from mountainous locations using any method of travel including hiking, mountain climbing, and cycling while operating their amateur radio station from the summits of hills and mountains. In addition to getting operators out into the field the program encourages others to listen into the transmissions from these stations and send in reports. Click on the link below to learn more about SOTA

National Solar Observatory
Sunspot NM
Hamming Around New Mexico
June 7, 2025

Here is another exciting “Hamming around New Mexico” opportunity. HDARC will be visiting “The National Solar Observatory” in Sunspot NM on Saturday June 7, 2025. We are scheduled for a private 2 hr behind the scenes tour and private presentation by Dr Sean Sellers, Astronomer at Sunspot. Sunspot NM is located in the Sacramento Mountains south of Cloudcroft NM in the Lincoln National Forest. Sunspot NM is 257 miles from Albuquerque. Google maps shows it would take 4 hours and 15 minutes by the fastest route. The schedule is being worked on. The intent is to have the tour and presentation in the Mid Afternoon. This would provide us a chance to operate on site in the morning for those arriving the night before. Accommodations are available in Ruidoso, Mescalero, and Alamogordo. Remember this is the summer time and these are big tourist towns. A big 73 to Marc KD6KR coordinating this event. [If you would like to attend please save a spot early and email me at \[hdarcpres@gmail.com\]\(mailto:hdarcpres@gmail.com\)](#). The link to the Observatory is: <https://nso.edu>

The following callsigns have registered to participate in this adventure:

KD6KR	KI5NBP	AG5UY	KI5NBP	N6SIK	N6TYT
KI5NBN	NM5MC	K5JVB	WA5YUL	N1NVK	KI5YIF
KJ5ICW	KJ5KMJ				

If your callsign does not appear above and you registered please email hdarcpres@gmail.com

HDARC EAST MOUNTAIN GROUP

The HDARC East Mountain Group will be holding their monthly luncheon/meeting on April 17, 2025 at Lil Mama's Restaurant located at 150 NM-344 A, in Edgewood, NM 87015. Start time is 11:30 AM. All are invited to attend. Contact Club Quartermaster/East Mountain resident Rob KI5NBN if you have any questions.

<https://menushenu.com/lil-mamas-restaurant-edgewood-menu/>

THE CONNECTIONS SECTION

"a relationship in which a person, thing, or idea is linked or associated with something else."

Test Equipment Loaner Program for Members

HDARC Director Harvey Dove KI5YVY is the lead for this program. A copy of the program outline and how to contact Harvey to request a loaner is posted on the home page of NM5hd.org. Click on this link:

https://www.nm5hd.org/files/ugd/d9cb96_5fe894d5a99c434191712575def6987b.pdf

The current inventory of loaner test equipment includes:

- MFJ -263 Dummy Loads
- MFJ - 802B Field Strength Meter
- RigExpert AA-650ZOOM Antenna Analyzer

We CURRENTLY have five donated pieces of test equipment. Please consider if you have a piece of gently used and functional test equipment you can donate for this program. The next purchase of test equipment for the program will include RF noise detectors (MFJ 805). An MFJ 259 Antenna Analyzer was donated by Roger K5RPE. 73
Roger

We are looking for volunteers to help us make in house instructional videos to demonstrate how to use each piece of test equipment. Your role would be to be the on air talent. Other members would assist in creating the storyboards, help writing the script, recording, editing, and posting. If you have the hands on knowledge, help us share that with other club members.

RT Systems Programming Software Available for Use

The club has in its possession the following RT Systems programming software available for use:

- Icom-2730
- Alinco-635
- Yaesu FT-60
- Yaesu FT-2900
- Yaesu FTM-6000

Please contact Past President David Ham N6SIK if you wish to use them at n6sik@arrl.net

HDARC Member Name Badges/Hats/Shirts-New

I have been asked by members how to purchase a HDARC Membership Badge. [Click Here](#) to be directed to our vendor's web store. *The site is fully operational again.*

HDARC Shirts,hats,and other Club gear can be ordered from Rio Rancho T-Shirts, 1207 Golf Course Rd SE Ste F, Rio Rancho, NM 87124. Speak with Wayne or Penny at: (505)

891-1521.
