Introduction from the President

Greetings,

This coming Saturday is our July Monthly Membership Meeting at the North Domingo Baca Multigenerational Center in Albuquerque. We are in Room #4 and will begin at 10:00 AM local. The agenda will follow tomorrow in a separate email. We will handle club business first and then go right into the workshop. Rob KI5NBN will be leading the Lipo 4 Portable Battery Build. You do not have to be building during the workshop to attend. You can observe and listen. There is no testing this month. The next VE Testing session is August 16, 2025.

We have a vacated board director position to fill. Sec. 15 of the bylaws state that “If a BOD member is unable to complete his/her term, an election for the remainder of the term for that seat shall take place at the next club meeting.” This term runs to February 2027. We will have open nominations, discussion, and a vote to fill the position.

I received numerous texts from member Bill Safieh KJ5LAJ. He has allowed me to share with you that he and his wife are ill. Bill was hospitalized and is in need of shoulder surgery. He has some antennas he needs help installing when the time is right. He will let us know when. He asks for our well wishes and prayers. I am sure he would love to hear from the membership.

Quartermaster Rob KI5NBN and I have set a new date of Sunday August 24, 2025 for the Club Tailgate and Social (BBQ) in the ABQ area. We have several potential locations. Once one is locked in location and times will be announced.

We will be needing a volunteer to assume the duties of supplying coffee and donuts for our monthly membership meetings on the 3rd Saturday of every month. The club purchases all the items. Cynthia Beiser, KJ5FMW has been in charge of these duties for over a year. She has done a wonderful job. Thank you

Cynthia. The new volunteer would assume the duties for the July 2025 meeting. If you are interested please contact me.

Here are some important updates for this week:

There will be no statewide Saturday Chat Shack Net this Saturday.

There are 4 new announcements in the Dispatch this week, Dr Fong Antenna Build, Club Home Brew contest, promotional items, and the QRZ jumpstart program for newly licensed technicians. Details within.

Our nightly sessions on the HDARC repeater at 1930 hours has been coined "HDARC 2 Night". Come join the conversation. A big 73 to Quartermaster Rob for being on the repeater and providing a sense of order. We are getting quite the crowd every night. More info. inside

Join HDARC East Mountain Group members on the Bravo Sierra Net on the Raven Road repeater in Tijeras every Friday at 8 pm @ 146.720 (-) 100 Hz Tone. Laid back get together for chatting, telling jokes/riddles/puns and generally having fun. Each week is a new Net Controller so that volunteers can practice their skills as Net Control in a relaxed and supportive environment. They will also be hosting there monthly Luncheon tomorrow in Edgewood. More info. Inside

I hope to hear you on the Saturday Chat Shack Net, and nightly on HDARC 2 Night.

73 Mike KI5NBP

THE SOUNDER SECTION

"To join together by pressure, fuse together for strength"

Club Repeaters and Simplex Frequencies

The Club has Two Repeaters, 442.750+ PL 162.2 on Sandia Crest and 145.370 - PL 162.2 in Edgewood. The Club uses two Simplex frequencies, 146.460 and 446.025

Join the FUN, join the Club

Are you aware that the HDARC is one of the most active Amateur Radio Clubs in New Mexico? Well, it is! Read on and find out! Tell a friend! www.nm5hd.org

To become a club member go to www.nm5hd.org and click on the "become a member" tab to join the ever growing group of the coolest Hams in New Mexico, you'll be glad you did!

Join the ARRL

The American Radio Relay League, the ARRL, a non-profit organization, is the largest membership association of amateur radio enthusiasts in the United States. The ARRL represents the interests of amateur radio operators before federal regulatory bodies, the ARRL provides technical advice and assistance to amateur radio enthusiasts, it also supports a number of educational programs and sponsors emergency communications service throughout the country. The HDARC is an ARRL Affiliated Club and a ARRL Special Service Club. We encourage you to join. Click on this link: <https://www.arrl.org/membership>

Welcome New Members

Benjamin Makias - KF8ENA

THE COUNTERPOISE SECTION

“To have an opposing and balancing effect ”

From the Elmer

Digital Mobile Radio (DMR) was originally developed for use by business radio operations. Hams have been using DMR for 15 years or so, and it's been reported that DMR is the fastest growing interest in amateur radio. It's used on the VHF and UHF bands. If you're interested in joining in on the fun of DMR, you'll need a DMR radio, a ham license, and access to the internet or a hot spot if you want to participate in a linked DMR system.

Once you have the needed equipment, your first step is to go to radioid.net and apply for a DMR ID. You'll need to document your ham license by uploading an official copy of your amateur radio license. The processing of your DMR ID will take a day or two. DMR has its own lingo which can be confusing at first. Once you get the hang of it, though, it'll make sense to you. Here are a few examples of DMR jargon:

Code Plug: The file of all the information you have programmed into your radio.

Talk Group: A chat room. There are local talk groups, worldwide talk groups and talk groups which are dedicated to various topics.

Color Code: Is basically the digital version of an analog PL tone.

Time Slot: The magic of DMR! It is the electronic bifurcation of a frequency so that two separate conversations can be carried out simultaneously on the same frequency without any interference between the two conversations.

There is a weekly DMR net in Albuquerque at 7 PM on BrandMeister Talk Group 313509 on Tuesdays. Contact Liz, KI5PGJ, for more information.

THE CHAT SHACK SHEET SECTION

"Reaching out to each other through the art of verbal dialogue"

Saturday CHAT SHACK NET/MegaLink

Saturday 10 A.M. STATEWIDE CHAT SHACK NET will use the 444.325 + PL 100 and the 145.290 - PL100 on Sandia Crest in order to access the MegaLink system.

NM5HD Net Controllers :

1st Saturday, John Gleason, K5JVG

2nd Saturday, Mike Smith KI5NBP

3rd Saturday, Club Meeting. No net

4th Saturday, Mike Chirin, NM5MC

5th Saturday, Open for a volunteer.

There will be no net this Saturday.

You can reach this Net from any part of NM because of its design. You just need to be on the right frequency, offset, and PL tone for the local repeater closest to your location at the day and time of the net. For current mega link frequency information go to www.nm5ml.com. If you're having issues programming your radio email hdarcpres@gmail.com. You will be directed to someone in the club that can help you. Please [click here](#) to see the operational status of NM5ML Mega Link Repeaters.

V.P. John K5JVG is the Committee Lead for HDARC Net's.

Please consider trying the Net Controller experience. Contact John K5JVG if you are interested. You will be mentored and try it once to see if you like it. No commitments.

HDARC 2 Night

We now have a name for the nightly conversations on our repeater "HDARC 2 Night". On any night at 7:30 PM Local time tune *into 442.750+ PL 162.2 on Sandia Crest, the HDARC repeater and call in with your call sign and see if you can strike up a conversation. Even though this is not a NET we need a sense of decorum. Please follow these procedures:*

- Do not short key each other
- If you are involved in a QSO, *every 5 minutes or so during the QSO check to see if anyone else would like to join the conversation.*

- Don't forget to announce your callsign at least every 10 minutes when engaged in a conversation.

There are great exchanges happening, come join the conversations and camaraderie.

BRAVO SIERRA NET

Join HDARC East Mountain Group members on the Bravo Sierra Net on the Raven Road repeater in Tijeras every Friday at 8 pm @ 146.720 (-) 100 Hz Tone. Laid back get together for chatting, telling jokes/riddles/puns and generally having fun. Each

AMMO CAN LIPO 4 Portable Battery Pack Build Workshop

The club will be holding a LIPO4 Portable Battery Pack Build Workshop led by HDARC Quartermaster Rob KI5NBN during the July 19, 2025 General Membership Meeting. A lot of you have seen his Ammo Can LIPO pack builds. Now here is the chance to build your own. Any licensed HAM can be a part of the workshop. If you want to build the Ammo Can LIPO4

Portable Battery Pack during the workshop you will have to arrive with all the parts purchased in advance of the workshop.

The following callsigns have signed up for the build:

KI5NBP KJ5KUF K4DGG N9DCS KJ5ITL NS7X
K5JVG AB5ML KI5IK

Look for a pre workshop email this weekend. If your call sign does not appear above and you wish to build please contact me at hdarcpres@gmail.com

Rob KI5NBN has assembled this parts list and suppliers. Here is the updated parts list provided through Rob KI5NBN by Mark KJ5ITL who has been purchasing the supplies needed his build (73 Mark) :
(UPDATED LAST WEEK)

New info:

Headway 38120S LiFePo4 Battery Cells 8 Pack 3.2V 10Ah (1 set of 8) \$70.00:

[Headway 38120S LiFePo4 Battery Cells from eBay](#)

Li-ion/Lifepo4 4s 30a BMS With Balance, for battery protection and proper charging.
\$16.00

[4 Cell BMS from BatteryHookup.com](#)

1x2 Headway 38120 Double Cell Holders Spacers x8 \$12.00:

[Cell Holders from BatteryHookup.com](#)

Copper bus bars, 100 amp rated x14 \$20.00:

Buss bars need to have a 40mm/1.56" spacing / pitch row.

[Buss Bars from Amazon.com](#)

Prior Info:

New Source for Batteries: Ebay:

<https://www.ebay.com/itm/234917121323?chn=ps&norover=1&itemid=234917121323&targetid=4580496739019530&device=c&mktype=&googleloc=&poi=&campaignid=603247656&mkgrouppid=1230354555785701&rlsataarget=pla-4580496739019530&abclId=9316139&merchantid=51291>

LIPO4 batteries X 8 \$70.00 .

Batteryhookup.com

1. 1x2 Headway cell holders	x16 \$12.00
2. Bolts for bus bars	x16 \$ 4.00
3. Copper bus bars, 100 amp rated	x14 \$13.86
4. Wire and lugs s needed	\$10.00
5. The battery 30 amp Battery Management System MS.	\$10.00
is needed for battery protection and proper charging.	

Total \$113.78

You will also need these items from other sources:

- 60 amp connectors rather than Anderton Power poles.
- A fuse block with two 30 Amp fuses (DC volts, not AC)
- A plastic .30 ammo can.(Harbor Freight)
- Cable needed to go from BMS to charger is about 5 bucks. The charger will monitor each cell.

A similar set-up for the same power rating is over 350 bucks! 64 Amp hour continuous. This battery pack will run a ICOM 707 with 22 amp draw at TX for over 16 hours, perhaps longer.

Mark Tibbett KJ5ITL has sourced most of the parts for the build and provided this information to share:

Thank you Mark KJ5ITL for this information.

If you have any questions contact Ron KI5NBN. More information to come in upcoming weeks.

If you plan on building at the workshop email hdarcpres@gmail.com so we have enough work stations set up.

You will need to bring the following personal tool kit with the following items to the workshop:

- Screwdrivers that match the slot configuration of the screws you purchased
- A crescent wrench
- Pliers
- Solder
- A soldering iron that is greater than 25 watts if you have one. We will have several on hand that day if you do not have one
- A wire stripper
- A good grade black electrical tape

National Solar Observatory
Sunspot NM
Hamming Around New Mexico
September 6, 2025

Here is another exciting “Hamming around New Mexico” opportunity. HDARC will be visiting “The National Solar Observatory” in Sunspot NM on Saturday September 6, 2025. We are scheduled for a private 2 hr behind the scenes tour and private presentation by Dr Sean Sellers, Astronomer at Sunspot. Sunspot NM is located in the Sacramento Mountains south of Cloudcroft NM in the Lincoln National Forest. Sunspot NM is 257 miles from Albuquerque. Google maps shows it would take 4 hours and 15 minutes by the fastest route. The schedule is being worked on. The intent is to have the tour and presentation in the mid afternoon. This would provide us a chance to operate on site in the morning for those arriving the night before. Accommodations are available in Ruidoso, Mescalero, and

Alamogordo. Remember this is the summer time and these are big tourist towns. A big 73 to Marc KD6KR coordinating this event. [If you would like to attend please save a spot early and email me at \[hdarcpres@gmail.com\]\(mailto:hdarcpres@gmail.com\)](#). The link to the Observatory is: <https://nso.edu>

The following callsign have registered to participate in this adventure:

KD6KR	KI5NBP	AG5UY	N6SIK	N6TYT	KI5NBN
NM5MC	K5JVB	WA5YUL	N1NVK	KJ5ICW	KJ5JMK
KG5ZRU	KJ5LAK	WD5EQY	KI5UIT	K5WEZ	KG5WED

If your callsign does not appear above and you registered please email hdarcpres@gmail.com

Lodging Info: Those of you that wish to stay overnight in Alamogordo NM on the Friday September 5, 2025 or Saturday September 6, 2025, Marc KD6KR has made arrangements with Super 8 Motel for a group rate of \$77.00 per night. The regular rack rate is \$99.00 plus. When you make your reservations mention our club for the special rate. More details to come.

2025 DUKE CITY HAMFEST - HDARC Member Admission

The membership decided that the club will reserve \$500.00 to purchase entrance fees to the hamfest for members. The registration fee is \$20.00 per person. We will be covering 25 entrance fees. The executive team members will announce at the next membership meeting how we wish to proceed with distribution/reimbursement.

HDARC EAST MOUNTAIN GROUP

The next installment of the packet workshop will be held July 17th from 10 am to noon at the Tijeras public library. Instructed by Jonathan Earhart KIUIT.

The HDARC East Mountain Group will be holding their monthly luncheon/meeting on July 17, 2025 at Lil Mama's Restaurant located at 150 NM-344 A, in Edgewood, NM 87015. Start time is 11:30 AM. All are invited to attend. Contact Club Quartermaster/East Mountain resident Rob KI5NBN if you have any questions.

<https://menushenu.com/lil-mamas-restaurant-edgewood-menu/>

BRAVO SIERRA NET: Join HDARC East Mountain Group members on the Bravo Sierra Net on the Raven Road repeater in Tijeras every Friday at 8 pm @ 146.720 (-) 100 Hz Tone. Laid back get together for chatting, telling jokes/riddles/puns and generally having fun. Each week is a new Net Controller so that volunteers can practice their skills as Net Control in a relaxed and supportive environment.

HDARC Tailgate and SOCIAL (BBQ)

NEW DATE; Sunday August 24, 2024 (corrected date)

Our inventory is bursting at the seams. We are in the planning stages of having a Club Tailgate and social (BBQ) on Sunday August 24, 2025. This is a great opportunity for members to find a great bargain and visit over with each

other over a hot dog or hamburger. More details to follow. If you have questions or wish to volunteer to help email hdrcpres@gmail.com.

Dr. Fong Dual Band HAM Antenna DBJ-1 Build Workshop November 2025- NEW

HDARC Member John Dodd KJ5KUF made a proposal to the membership that would arrange for Dr. Edwin Fong Professor and PhD of Electrical Engineering at the University of California Santa Cruz to present via zoom to the club about his antenna designs. John has bought ten(10) of Dr. Fong's VHF/UHF kits for the club to assemble and members own. Thank you John for your generous donation. I have reached out to Dr. Fong directly and we are working out the details

for a Zoom presentation in conjunction with an antenna build workshop during the November 2025 membership meeting. He has agreed to present via zoom on November 22, 2025.

There will be 15 antenna kits available for members to build and keep. Starting at the July 2025 membership meeting those members in good standing who wish will be able to put their name and callsign in a drawing to get one of the fifteen FONG antennas to build at the workshop and keep. In addition any newly licensed technician from January 2025 till present who tested with our V.E. This build is simple. We are adding a testing component so the operator becomes familiar with the use of amateur radio related testing equipment. John Dood KJ5KUF has agreed to lead the build.

For more information about Dr Fong and his antennas click on this link <https://edsantennas.weebly.com/>

HDARC Club Home Brew Contest/Exhibition January 2026 - NEW

The inaugural HDARC homebrew contest is an exhibition of amateur radio related equipment that is built by a licensed amateur radio operator. Typical items are transmitters, receivers, antennas, accessories, or complete transceivers that are fully functional and used on the air. It can be built from a kit or totally from scratch. We have had a year of workshop builds and have seen what others have built. Now is a chance for us to see it all at once in one location and celebrate these accomplishments. This contest/exhibition will be open to all licensed amateur radio operators. Get your build ready! More information to come.

“a relationship in which a person, thing, or idea is linked or associated with something else.”

Test Equipment Loaner Program for Members

HDARC Director Harvey Dove KI5YVY is the lead for this program. A copy of the program outline and how to contact Harvey to request a loaner is posted on the home page of NM5hd.org. Click on this link: https://www.nm5hd.org/files/ugd/d9cb96_5fe894d5a99c434191712575def6987b.pdf

The current inventory of loaner test equipment includes:

- MFJ -263 Dummy Loads
- MFJ - 802B Field Strength Meter
- RigExpert AA-650ZOOM Antenna Analyzer

We CURRENTLY have five donated pieces of test equipment. Please consider if you have a piece of gently used and functional test equipment you can donate for this program. The next purchase of test equipment for the program will include RF noise detectors (MFJ 805). An MFJ 259 Antenna Analyzer was donated by Roger K5RPE. 73
Roger

We are looking for volunteers to help us make in house instructional videos to demonstrate how to use each piece of test equipment. Your role would be to be the on air talent. Other members would assist in creating the storyboards, help writing the script, recording, editing, and posting. If you have the hands on knowledge, help us share that with other club members.

RT Systems Programming Software Available for Use

The club has in its possession the following RT Systems programming software available for use:

- Icom-2730
- Alinco-635
- Yaesu FT-60
- Yaesu FT-2900
- Yaesu FTM-6000

Please contact Past President David Ham N6SIK if you wish to use them at n6sik@arrl.net

HDARC Member Name Badges/Hats/Shirts-New

I have been asked by members how to purchase a HDARC Membership Badge. [Click Here](#) to be directed to our vendor's web store. ***The site is fully operational again.***

HDARC Shirts,hats,and other Club gear can be ordered from Rio Rancho T-Shirts, 1207 Golf Course Rd SE Ste F, Rio Rancho, NM 87124. Speak with Wayne or Penny at: (505)

891-1521.

HDARC Promotional Items: You have recently seen the Promotional Items made by Shirley Godfrey for HDARC.

- Band Plan Tumbler
- Patch
- Mouse Pad

All are customizable with your call sign.

Future Scheduled Club Events

- November 2025 Fong Dual Band Antenna Building Workshop
- January 2026 HDARC Club Home Brew Contest

Club Events in the Bull Pen (Not Scheduled Yet)

- POTA - Field Days - October 2025
- Hamming Around New Mexico
- Operating FT 8 Workshop
- Operating Winlink Workshop
- Club Test Equipment Workshops

V.E. Testing (Scheduling Change)

The HDARC is a sponsor of the Institute of HAM Radio Sciences, which conducts free V.E. testing sessions on behalf of the HDARC at 11:30 on the 3rd Saturday of April, June, August, October, and December immediately following the Monthly HDARC In-Person Club Meeting in classroom #4 at the North Domingo Baca Multigenerational Center. Look for the link [FREE TESTING](#) on the club web page.

Please, pre register on the club web page for testing www.nm5hd.org. For more information contact Yul Bratcher at his email, yul.bratcher@att.net A big 73 to YUL and the V.E. team for volunteering their time and resources. Without them this could not happen. **The next testing session is August 16, 2025.**

Saturday August 16, 2025

Saturday October 18, 2025

Saturday December 20, 2025

QRZ.com through a partnership with GigaParts, has developed a program that is designed to lower the barrier to entry into amateur radio by providing new hams with a high quality radio for only \$17.99 (plus tax and shipping). Effective February 28, 2025, new hams will be entitled to a 70% discount on the Explorer QRZ-1 VHF/UHF handheld

transceiver, as well as a variety of accessories. You must have been licensed within the last 6 months to qualify.

The eligible ham must have a QRZ user account and be able to log in and apply for the program. Certain types of identification, including a photo ID, will be required. This information is not shared or exchanged with any party and is used only to validate eligibility under this program.

This program is available exclusively to USA licensed amateur radio operators who obtained their first license from the FCC within the last 6 months. The Jumpstart program may be changed or terminated without notice based on availability and corporate sponsors.

Click here for more info: <https://www.qrz.com/jumpstart>

Classifieds

Welcome to the classified section. The intent is to give members and other HAMS a place to advertise any HAM related equipment they have for sale. It is also a place for members to list what HAM related equipment they are seeking to buy. *This is a free service with no fees attached.* *This week we are featuring items from the Club SK inventory. Contact our Quartermaster Rob KI5NBN at this email if you are interested: dynomutt@reagan.com Feel free to haggle with Rob. We will update this inventory weekly.*

The Club has received a generous donation of a large tower and antenna array. Please see the pictures below. This unit has a value of

thousands of dollars. It would require the recipient to incur the cost of renting a crane to remove the unit from the current property, cost of disassembly, transport and have a pad with the appropriate receiving bolts in place ahead of time at their location plus assembly. The unit is being offered to the general HAM community for a donation. Please contact Past President David Ham N6SIK if you have questions about the unit.

The Sandoval County ARES has the following items for sale. Contact Gary K5BIQ at garycapt@yahoo.com to inquire and make an offer

- *2- 15" Computer Monitors*
- *Long LMR-400 coax*
- *Misc length coax*
- *Misc antenna parts*
- *23 amp Samlex 1223 Power Supply*
- *Headset*
- *Misc. parachute cord*
- *MFJ-993B Antenna Tuner*
- *MFJ-989D Versa Tuner*
- *Antenna mast tripod*
- *Kenwood 590s HF/50Mhz Transceiver*
- *Old laptop*
- *Kenwood TS-50 HF Transceiver*
- *Remote Antenna switch, Ameritron RCS-8V*

- ***Ameritron ALS-600S Amplifier***

Available for Purchase from the club Inventory

More inventory to be listed soon

CONCLUSION

Check the club's website often, there are interesting things being added weekly. www.nm5hd.org

I want to thank the club's COB, Kenneth Ham, AG5UY, for maintaining the website. Thanks Yul, WA5YUL and V.E. team for what they do to provide free testing to the public. MaryAnn NS7X for the Elmer contribution. Thank you Rob KI5NBN for providing a list of gear to offer to the club members, working on our repeater project, and hosting HDARC 2 Night. Thanks to those of you who provided content for this periodical. Feel free to reach out to me anytime at hdarcpres@gmail.com. If you wish to add content to "The High Desert Dispatch" weekly periodical the deadline for submission is Monday preceding the Wednesday publication date. If you get the chance, monitor the HDARC repeater every night at 7:30 P.M. local time to find someone to exchange with. *I look forward to seeing you at the meeting this Saturday!*
