Introduction from the President

Greetings!

As you have noticed, I am experimenting with a new format for the weekly newsletter. I would like your feedback either way. The feedback that I have received is positive. I will continue to use this format and make adjustments as we move forward. One new feature the Chairman Ken AG5UY has adopted is to add the newsletter as a direct download from our main web page as another form of access. Go to NM5HD.ORG. Thank you KEN

This coming Saturday April 20th, 2024 is our in-person meeting. I will be forwarding you the agenda and last month's minutes for your review. I can't wait to hear from those of you who chose to participate in the QSO party. There will be NO CHAT SHACK NET.

I would like to invite those of you who can to participate in the Wednesday Noontime ZOOM Chat. There always is lively discussion about current affairs in HAM radio and related topics. If you are having a HAM related issue, let the group brainstorm a solution with you.

Congratulations to Rob KI6NBN and Elaine KJ5ATL who did a POTA activation this past weekend. They did 155 contacts. I'm excited to hear more at the Saturday meeting when Rob is presenting on POTA. See you all then.

73 Mike KI5NBP

Club Repeaters and Simplex Frequencies

The Club has Two Repeaters, 442.750+ PL 162.2 on Sandia Crest and 145.370 - PL 162.2 in Edgewood. The Club uses two Simplex frequencies, 146.460 and 446.025

Join the FUN, join the Club

Are you aware that the HDARC is one of the most active Amateur Radio Clubs in New Mexico? Well, it is! Tell a friend!
www.nm5hd.org

To become a club member go to www.nm5hd.org and click on the "[become a member](#)" tab to join the ever growing group of the coolest group of Hams in New Mexico, you'll be glad you did!

Hamming Around New Mexico Event -Update!

We are getting close to our next exciting adventure on Saturday April 27th,2024.

Location: [Salinas Mission Pueblos](#), We will visit the Abo site and the Grand Quivera Site in that order.

Driving time: about 90 minutes from ABQ.

Time: 9 am into the afternoon

Lunch : in Mountainair or bring a pack lunch.

The breakdown of the day from David and Becky:

From the Big I travel south on I-25 just south of the airport to Rio Bravo Blvd SE. Head West one block and make a U-Turn at the traffic light, Broadway Blvd SE. After the U-Turn head East toward the freeway. Just before the freeway there will be a Maverik Fuel Station on your right. This is where we will gather.

The local frequency will be simplex, 146.460. We will also monitor the club repeater, 442.750, as we head to the meeting location.

It is about a one-hour drive from our meeting location to the ABO, so, for the best use of the day, we would like to depart at 9am from the Maverik.

Make plans to arrive about 0845 so we can leave at 0900.

If you are traveling on your own, the address for the ABO ruins is 69 Ruins Road, Mountainair, NM 87036.

After the ABO we will stop at Mountainair for lunch. After lunch we will travel south to the Gran Quivira, and we can tour there and set up radios to see who we can talk to! Should be a great day. Contact: Becky Ham, N6TYT for more information. Hope to see you all there!

Club Calendar - April-July SAVE THE DATES

UPDATED

APRIL 2024

Wednesday April 17, 2024 Noon: Club ZOOM Lunchtime Chat Room. Click on the link below to enter the virtual room.

Saturday, 8 June - Edgewood Car Show Ham Radio Demonstration

Saturday, 6 July - Town of Edgewood Ham Radio Demonstration

For more information [click here](#).

ARRL 2024 Field Day HDARC Event June 22,
2024-NEW

Our club will be participating in Field Day this year. We have secured a permit from the City of Albuquerque to utilize the North Domingo Park Pavilion near the Dog Park to set up operations from 9:00 AM till 6:00PM On Saturday June 22, 2024. This is the same area we operated last year. Save the date. As we had during the 2024 Winter Field, we are considering the option to operate from multiple sites in the metropolitan area. More information to follow soon. To learn more about the 2024 ARRL Field Day [Click Here](#).

Parks on the Air (POTA) Events for April 2024-UPDATED

Rob KI6NBN and Elaine KJ5ATL reported a POTA activation this past weekend. They did 155 contacts. Their location was the very far North East corner of Coyote Canyon, it is in Zuzax at about 7,000 feet on a Forrest road in the Cibola National Forest. 4WD is needed to get there as the road is in bad shape. Once there it is an open field of about 5 acres and is easy to set up, and tree clumps so you can hide and pee. The area is right at the corner of Cibola National Forest.

Jack, KP1PE ,forwarded this info about upcoming POTA activity. These events happen seasonally, on the 3rd full weekend of the month, first month of the quarter. These are 'activity weekends' where the main purpose is to get out in the parks, and have as much fun as possible.

COMING UP:

Spring 2024 POTA - 3rd Full Weekend of April. April 20-21, 2024. This is coming up in 1-1/2 weeks. Friday evening 6pm MDT to Sunday evening 6pm MDT.

TEXAS 2024 State Parks On The Air Weekend: April 19-21, 2024. Friday evening 6-pm to Sunday evening 6-pm El Paso time.

Duke City Hamfest (DCHF) “Call for Presentations”

The 2024 DCHF website is live and now accepting registration for the Sept,20-22, 2024 event in Albuquerque NM. The HDARC is a sponsor of this event. Visit the website dukecityhamfest.org for more information.

The 2024 DCHF has announced a ["CALL FOR PRESENTATIONS"](#). If you have a passion for a particular subject related to Amateur Radio, here is your opportunity to share it with the HAM community. These forum presentations are no more than 50 minutes in length. Click on this link ["CALL FOR PRESENTATIONS"](#) to learn more. The **SUBMISSIONS DEADLINE is APRIL 30, 2024.** If you have questions about presenting at a forum contact me directly at 505-401-0219 or at ki5nbp.mike.smith@gmail.com.

HDARC By-Law Review Progress Report

Your club officers have begun the review of the current set of organizational by-laws. The goal is to have recommendations to the Board of Directors by the End of April 2024 for their review, comments and possible action. If action is taken, the new recommendations will be sent to the membership by email for review. Part of the May 18, 2004 in person club meeting will be set aside for the membership to ask questions, recommend modifications, and possibly ratify what the Board of Director approved with amendments if needed. To review the current by-laws [CLICK HERE](#).

HDARC CLUB TRAILER

The club owns a small - medium size box trailer. Currently it is used for storage of club assets. We recently moved the trailer from David's N6SIK residence to Rob's KI5NBN home in Edgewood. Thank you Rob and Elaine for storing the trailer for us. There have been discussions in the past on how to best use the trailer. Some would like to configure it as a communications trailer. I am looking for suggestions from our membership and make a decision soon. Please email me with your suggestions at hdarcpres@gmail.com. I will come to the membership with a plan for approval during the May in-person club meeting. Please send me your suggestions.

Live Streaming HDARC Monthly Meeting on ZOOM-NEW

Your leadership team has initiated some discussion on this topic. It would require a small investment to purchase a camera to stream using the Club's new computer. I would like to hear about what you think. Send me an email at hdarcpres@gmail.com

CONCLUSION

Check the club's website often, there are interesting things being added weekly. www.nm5hd.org

I want to thank the club's COB, Kenneth Ham, AG5UY, for maintaining the website. Thanks to those of you who provided content for this newsletters.

I look forward to seeing you on Saturday! Feel free to reach out to me anytime at hdarcpres@gmail.com.

If you wish to add content to the weekly newsletter the deadline for submission is Monday preceding the Wednesday publication date.

73 Mike
